

THE NEXT GENERATION IN PERMANENT PROGRAMMABLE LIGHTING

Trimlight Select Plus is the latest innovation from Trimlight Inc. Trimlight has provided bright, beautiful lighting on homes and businesses since 2011, giving users millions of color changing options and patterns to celebrate any holiday or event. Our proprietary mobile application provides user friendly functionality giving customers the ability to easily program lighting colors and patterns that are completely customizable to meet any need for any time of year.

Trimlight's patented channel system hides the wires from view, making it *unnoticeable during the day* which means customers never have to worry about hanging lights again!
